Champagne

The world of wine could never be complete without the addition of Champagne. It is made largely from Pinot Noir and Chardonnay grapes by means of an ancient process whereby gas is accumulated under pressure to produce a "fisaute" wine that explodes with soft, tiny bubbles on the tongue. Fabulous as an appertief, it is superb with light starters and delicious with dessert. Champagne is a fail-safe choice!

Blended White

Blended wines are a combination of grape varieties such as Cabernet, Sauvignon, Merlot and Chenin and have an elegant structure of flavours, including vanilla, apple and blackcurrant. The success of a blended wine is that it is easy to drink and keeps its elegance. In most cases, the goal is to create a wine that is greater than the sum of its parts.
